Forgot Password

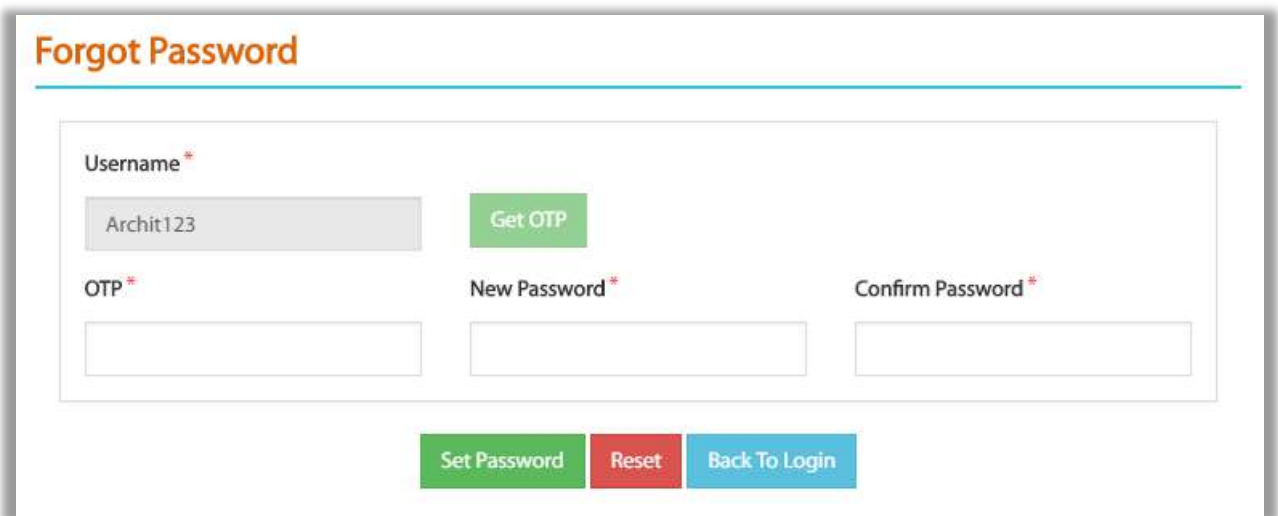

Username *

[Get OTP](#)

In the above screen, Applicant will have to enter the Username which is used for logging into the portal and then click on Get OTP button. If the username entered is valid only then below screen will be displayed.

Click on Ok button.

A web form titled "Forgot Password" in orange text at the top left. Below the title is a horizontal blue line. The form contains several input fields and buttons. The first row has a "Username *" label, a text input field containing "Archit123", and a green "Get OTP" button. The second row has three labels: "OTP *", "New Password *", and "Confirm Password *", each followed by an empty text input field. At the bottom of the form are three buttons: a green "Set Password" button, a red "Reset" button, and a blue "Back To Login" button.

Applicant will receive SMS (OTP) on the Mobile number which was used while registration into the Portal. Applicant should enter the correct OTP and also the New Password and Confirm Password.

Note – Password Length should be minimum 8 characters and maximum 20 characters.

Password must contain atleast 1 Upper Case Alphabet, 1 Lower Case Alphabet, 1 Number and 1 Special Character. Also New Password and Confirm Password should match otherwise it will not work.

After performing the above step click on Set Password button.
