## About Department

### Vision

To be the leading department providing quality education to develop competent Civil Engineers, Entrepreneurs, and Innovators to serve the nation.

### Mission

M1: To provide quality technical education.

M2: To prepare competent students for employment

M3: To focus on developing values and professional skills.

The department of civil engineering was established in 2006 for imparting Bachelor of Civil Engineering with intake of 60 students and post-graduation course in Construction Management from 2012 with intake of 24 students. The department of Civil Engineering has well qualified and dedicated faculty members who offer a sound foundation to graduating engineers for their future developments through teaching, research, community services and consultancy. The development of our students as successful engineers, construction managers, entrepreneurs, technical specialist and responsible civilian is always top priority of the department. We also provide ample opportunities for the development of life skills and responsible leadership through participation in various student activities at national level and through Civil Engineering Students Association (CESA) and The Institution of Engineers (India) students' chapter.

## About FDP

This FDP is structured to impart the knowledge of recent innovations and development in concrete technology and the approach towards advanced technique used. The FDP will be of particular value and interest to researchers, scientists, faculties and practicing engineers who are working in the field of concrete construction.

## Invitation

It gives us immense pleasure to cordially invite and welcome you to participate in the online one-week FDP on "Advances in Concrete Construction and Techniques" organized by Department of Civil Engineering, MVPS's KBT College of Engineering, Nashik from 10<sup>th</sup> August to 15<sup>th</sup> August 2021.
