## **Innovative Teaching Methods**

## Title of Innovation method/activity: Project Based Learning

- 1. Name of Faculty : Mr. Viraj R Sonawane.
- 2. Subject : Database Management

## 3. Objective of Method:

- Apply the concept of database management in the real life problem. 1.
- 2. Develop problem solving ability in Student.

## 4. Topic Covered through Activity:

Fundamental of DBMS, SQL, Database integration with front end.

## 5. Description of method with Benefits (8 – 10 lines) :

Project-Based Learning (PBL) is a dynamic and engaging approach to education where students actively explore real-world problems and challenges to acquire deeper knowledge. Students work on projects over an extended period, which allows them to apply their theoretical understanding in practical scenarios.

#### **Key Features of PBL:**

- **Real-world Relevance:** Projects are often rooted in real-world issues or • challenges.
- Student-Centered: Learners take ownership of their work and decisions. •
- **Collaboration:** Encourages teamwork and communication among peers. ٠
- Critical Thinking and Creativity: Students analyze, create, and innovate to • solve problems.

• Assessment: Learning is assessed through the process and final outcomes rather than just exams.

# **Roles and Responsibilities**

- Teacher
  - Provide the Introduction to all the topic.
  - Aware the student about the length, Breadth, Depth of Topic
  - Provide the Study Material and appropriate guide lines at every stage
  - Remain available all the time during all stages of process.
  - Prepare assessment methodology.
- Student
  - Go through all the material provided on particular topic
  - Identify the project in nearby vicinity which is aligned with core concept learned.
  - Actively participate in group and contribute by means of discussion, hand-out
  - Share the expertise topic when joins a new group.
- Group
  - Develop the guidelines to establish group.(i.e. Decide the roll of all participants)
  - Every group should gain the expertise on particular topic.
  - Prepare at least one page Hand-out / Report which cover all the details corresponding to the topic.
  - While preparing the report make sure all the content are covered.
  - Appropriate references should be given.
  - Grammatical mistake should be checked.
  - Develop the guidelines with which every group member can share the topic they learn
