Following points were discussed in the BOS meeting

1. B. Tech Structure and Discussion
2. Do not finalize the subject names for TY B. Tech and final year.
3. Subjects and labs like Data story-telling and visualization, Data engineering tools, language modeling, full stack, AI applications, AI as cloud based platform are suggested for inclusion in syllabus.
4. Define only experiment number but not the statements so that experiment statement will be defined and reformed time by time by subject teacher.
5. Continuous evaluation guidelines execution regarding attendance for end semester examination and criteria for the same should be given in the syllabus.
6. Add Digital Electronics subject in E & TC department MDM.
7. Also MDM Fundamental of database management in place of data mining and warehouse.
8. Guidelines for internship are discussed.
9. Object oriented programming is suggested for second year structure.
10. Cultivate research and startup culture for students to develop peer learning among students.

The BOS meeting was held with review of the B. Tech. Structure related to program-specific courses and NEP-2020 alignment guidelines. The discussed issues related to structure are noted for further action and the final approval is given by all BOS members.
