KBT COE

NEWSLETTER

JULY
2025

Volume: IX

Issue: VII

The purpose of this Newsletter is to provide information to the student-staff fraternity of Nashik and society at large of the news, including relevant announcements and updates that we believe are important to them. However, this newsletter is also a valuable tool for bolstering morale, promoting unity, team spirit, motivating and rewarding achievements of KBT COE, Nashik. This KBT COE Newsletter has started its journey since January 2017 and the latest issue is available on the college website: www.kbtcoe.org

The Maratha Vidya Prasarak Samaj is the pioneering organization established in 1914 helping common masses to acquire education in all the fields. There are around 452 schools & colleges all over Nashik District in Maharashtra. Our institute, Karmaveer Adv. Baburao Ganpatrao Thakare College of Engineering is always striving for the betterment of common people. In today's globally connected world, all the sectors need quality manpower. It is our prime responsibility to groom and develop the budding Engineers with multifaceted qualities like professional skills, innovative ideas, problem solving attitude, good communication skills, and social ethics, who can serve the society in a classic manner. We, the team at KBT College of Engineering, aim to educate and train the common masses through undergraduate and post graduate programs by inculcating the values for discipline, quality, transparency and foster career and professional development among the youth for the development of society. The Institute is NAAC "A++" Graded and has 05 of its departments NBA Accredited.

Our Vision, Mission and Objectives are as follows:

Vision:

To be internationally accredited, Multidisciplinary, and Multi-collaborative institute working on technology enabled platform fostering innovations and patents through state-of-art academic system designed by highly qualified faculty for the development of common masses at large

Mission:

To educate and train common masses through undergraduate, post graduate, research programs by inculcating the values for discipline, quality, transparency and foster career and professional development for employment thereby contributing to the development of society

Objectives:

- ▶ To develop technically-sound engineers by engaging the students in progressive technical education and to promote students for academic growth by offering state-of-the-art undergraduate, postgraduate programmes.
- ▶ To undertake collaborative projects which offer opportunities for long-term interaction with society, academia and industry.

Department of Electrical Engineering

FDP/Workshop/Conference/Seminar

- FDP on “Effective application of optimization techniques for Electric Vehicle” (30th June – 5th July 2025)

Mrs. Komal S. Zope (Department of Electrical Engineering) successfully completed a one-week ATAL Faculty Development Program on “Effective Application of Optimization Techniques for Electric Vehicles” from June 30th to July 5th, 2025. The program focused on advanced optimization in critical EV areas, including battery management, powertrain control, and thermal management. This training enhances the department’s expertise in sustainable mobility and energy-efficient technologies, directly benefiting future research and student mentorship.

Other Activities

- Parent – Teacher Meet (26/07/2025)

The Department of Electrical Engineering hosted a Parent-Teacher Meet on July 26, 2025, for second-year B.Tech students. HOD Dr. Y. P. Patil briefed parents on the academic structure and the advantages of the department’s autonomous status in aligning the curriculum with industry trends. The session emphasized the critical importance of regular attendance for mastering engineering concepts and fostering professional discipline, ensuring a collaborative approach to student success.

Department of Electronics & Telecommunication Engineering

Other Activities

TE Induction Program (01/07/2025)

The Department of Engineering organized an Induction Program for Final Year students to bridge the gap between academics and professional readiness. Training Officer Mr. Vishwesh Kathe provided guidance on soft skills, resume building, and internship protocols, while Mr. Dhiraj Matsagar (HR Manager, SBI) conducted an expert session on financial awareness. The initiative aimed to align student goals with industry standards, ensuring a smooth and motivated transition into the professional world.

BE Induction Program (01/07/2025)

The Department of Engineering organized an Induction Program for Final Year students to bridge the gap between academic learning and professional readiness. Ms. Vinita Kare (Asst. TPO) and Mr. Vishwesh Kathe (Training Officer) focused on essential soft skills, resume building, and project protocols, while Mr. Dhiraj Matsagar (HR Manager, SBI) provided expert insights into financial awareness. This initiative aimed to align student goals with industry standards, ensuring a motivated and successful transition into the professional world.

Department of Instrumentation & Control Engineering

FDP/Workshop/Conference/Seminar

Workshop on Universal Human Values (30/06/2025)

On June 30th, 2025, a One Day Faculty Orientation Workshop on Universal Human Values was held to enhance content delivery for students. The interactive sessions focused on natural acceptance, harmony, and happiness, emphasizing professional ethics and mutual prosperity. By exploring harmony within the self, family, and nature, the workshop equipped faculty to better guide students toward environmental preservation and value-based professional lives.

- Seminar on “Industrial Automation” (26/07/2025)

On July 26th, 2025, the Department of Instrumentation & Control Engineering, in association with the ISA Maharashtra Section, inaugurated its ISA Student Chapter. The event included a One-Day Student Development Program on “Industrial Automation,” featuring sessions on IIoT, Machine Vision, Robotics, and Process Control. This initiative strengthened industry-institute collaboration, providing students with essential exposure to global professional networks and modern automation trends.

Other Activities

- DAB Meeting (12/07/2025)

Mr. S. D. Nikam, Assistant Professor in the Instrumentation & Control Engineering Department, attended the Department Advisory Board (DAB) Meeting at Rajshree Shahu Maharaj Polytechnic, Nashik, on July 11, 2025. As a DAB member, he provided strategic recommendations to align the academic framework with industry trends. His guidance focused on enhancing student orientation toward technical paper writing and improving soft skills, ensuring a well-rounded professional development path for the students.

- Equipment Donation (11/07/2025)

On July 11th, 2025, Dr. Seema Jadhav, Associate Professor in the Department of Instrumentation & Control Engineering, donated an Omron Digital Blood Pressure Monitoring Unit with an inbuilt pulse rate measurement feature to the department's Biomedical Laboratory. The department extends its sincere gratitude to Dr. Jadhav for this valuable contribution, which will significantly enhance practical learning and development within the laboratory.

Department of Computer Engineering

Training & Placement

- Student Training on C++ (01/07/2025)

The Department of Computer Engineering organized a five-day Value-Added Training Program on C++ from July 1st to July 5th, 2025, for second-year students. Coordinated by Ms. P. S. Kubal, Ms. R. S. More, and Ms. A. B. Uphade, the program covered fundamental concepts including data types, control structures, and Object-Oriented Programming (OOP). Through hands-on sessions and real-world examples, the training successfully enhanced students' problem-solving abilities, establishing a robust foundation for advanced software development.

Expert Talk / Guest Session

- “Entrepreneurship Development” by Dr. Premlata Mishra (30/07/2025)

On July 30th, 2025, the Department of Computer Engineering hosted an Expert Session on Entrepreneurship Development for Final Year students. Renowned entrepreneur Dr. Premlata Mishra (Advent Engineers) discussed the importance of innovation, risk-taking, and problem-solving in the tech sector. Coordinated by Mr. B. S. Gholap, the session aimed to inspire students to pursue entrepreneurship as a viable career path.

- “Outcome Based Education” by Dr. Umakant Kulkarni (11/07/2025)

On July 11th, 2025, Dr. Umakant Kulkarni (Professor, SDM College of Engineering & Tech) conducted an expert session on Outcome Based Education (OBE) for the faculty of Computer Engineering, IT, and AI&DS. The workshop covered critical aspects of syllabus setting, accreditation, and institutional autonomy, providing valuable guidance on aligning academic processes with modern educational standards.

Other Activities

SE Student Induction (02/07/2025)

The Department of Computer Engineering organized an Orientation Program for Second-Year B.Tech students on July 2, 2025, to facilitate a smooth transition into their new academic year. Coordinated by Ms. P. S. Kubal, Ms. R. S. More, and Ms. A. B. Uphade, the program covered course structures, departmental activities, and skill development. Faculty and student mentors provided guidance on time management and campus resources, helping students align their goals for the upcoming engineering journey.

TE Student Induction (09/07/2025)

The Department of Computer Engineering conducted an Orientation Program for Third-Year (Divisions A and B) students on July 9, 2025. Coordinated by Ms. D. L. Tidke and Ms. S. V. Pawar, the session covered the NBA accreditation process, departmental vision and mission, and the updated syllabus structure. Additionally, Mr. Kathe (T&P Training Coordinator) led a session on placement training activities, emphasizing career development and professional readiness for the upcoming academic year.

BE Student Induction (01/07/2025)

The Department of Computer Engineering conducted a Final Year Orientation Program on July 1, 2025, to prepare students for their transition into the professional world. Coordinated by Mr. B. S. Gholap, the session covered the department's Vision and Mission, the academic roadmap, and final-year project expectations. A specialized segment on training and placement was led by Mr. Mahesh Adke and Mr. Vishvesh Kathe, who provided critical insights into industry expectations and career preparation strategies.

Alumni Interaction (24/07/2025)

On July 24th, 2025, the Department of Computer Engineering hosted a "Career Insights" session featuring Ms. Tejaswini Joshi, a distinguished alumna currently working in Brisbane. Ms. Joshi shared her professional journey from KBTCOE to her international career, offering practical advice on navigating the evolving technology and digital innovation landscape. The event, coordinated by Ms. P. V. Shinde, provided students with valuable guidance for their future career advancement.

Department of Mechanical Engineering

Training & Placement

Student Placement (July - 2025)

The Department of Mechanical Engineering at MVPS's Karmaveer Adv. Baburao Ganpatrao Thakare College of Engineering, Nashik, celebrates the successful placement of its students for the Academic Year 2024-25. Durgesh Chavan has been placed at Cyncly Solutions Pvt Ltd, Pune, with a package of 5.05 LPA, while Anish Gawande secured a position at Kingspan Jindal Pvt Ltd, Indore, with a package of 4.80 LPA.

Other Activities

SE Student Orientation Program (02/07/2025)

On July 2nd, 2025, the Department of Mechanical Engineering held an Induction Program for Second-Year B.Tech students. Dr. A. B. Kakade (HOD) emphasized the importance of technical excellence and ethical responsibility, while faculty provided an academic roadmap covering the curriculum, Minor/Open Elective courses, and Community Engagement projects. The program successfully oriented students toward departmental standards and the resources available for their professional growth.

▪ TE & BE Student Orientation Program
(04/07/2025)

The Department of Mechanical Engineering held an orientation program for Third and Final Year students on July 4, 2025. Dr. A. B. Kakade (HOD) opened the session by emphasizing the critical role these years play in shaping technical careers, while class coordinators highlighted application-based learning and internship opportunities.

Students were briefed on the upcoming syllabus, research initiatives, and project work, followed by a training and placement overview by Mr. Mahesh Adake (TPO). The program concluded with a vote of thanks by Mr. V. V. Shinde, successfully aligning students with the department's academic and professional goals.
